Fullstack Web Developer

I am a full-stack developer with a strong focus on front-end technologies and 2 years of experience. Proficient in Next.js, React, MongoDB, and PostgreSQL, I have successfully contributed to the development of complex enterprise-level web-apps in a fast paced environment, working for a product based startup. Additionally, I have demonstrated leadership skills as a team lead and scrum master, implementing agile methodologies and effective scrum management.

Technical Skills

JavaScript, Typescript, ReactJS, NextJS, NodeJS, Expressjs, GraphQL, MongoDB, PostgreSQL, Redis, azure DevOps, docker, agile methodologies, scrum management, git.

Work Experience (2.2 years)

➤ Mindpath Technologies, Indore | Dec'22 - Present

Software Developer

- Migrated complete web application from ReactJs to NextJs.
- Enhanced efficiency of web application by 35% using React Suspense, Tree Shaking methodology and Dynamic Import and cut down the initial bundle size by 50%.
- I developed and implemented a robust RBAC system for secure access management in a web application, assigning roles based on user responsibilities and permissions.
- Implemented a feature using Next.js which helps in dynamic page creation on customer's request for Analytics and reduced dev efforts by 80% through creating reusable templates.
- Developed and lead team in implementing new core logic of Live Chat app with socket io.
- Played a role of Team lead and Scrum master for Planning & Managing Sprints.

➤ Cognizant Technology Solutions, Pune | Jan'22 – dec'22

Programmer Analyst Trainee

- Groomed on Reactjs, nodejs, MySQL, devops concepts, AWS, Genesis.
- Hands-on VOIP systems for displaying analytic inbound and outbound data on dashboard.
- Worked on Java and spring boots along with Genesis.

Projects

➤ Ebotify (NextJs - NodeJs)

It is a customer support platform, specializing in chatbot development, analytics, and live chat. with the ability to train and deploy chatbots for websites, execute WhatsApp marketing campaigns, and manage multi-channel support across platforms like Teams, Slack, SMS, Twilio, Telegram, and Instagram.

➤ Web Bots (ReactJs)

Developed a dynamic web bot with a customizable UI that can be modified through a console interface, and seamless live agent connectivity through socket.io

Education

- Bachelor of Technology from Acropolis institute of technology and research, Indore affiliated to RGPV in Electronics and Communication with 8.19 CGPA and duration 2018-2022.
